

### LUOSTO - RELAXED SKIING

Luosto ski centre offers seven smooth ski slopes and powder. All the slope activities are in the vicinity of the slope restaurant Ski-Knööli, which makes it possible to follow the street and the children's sledding from the terrace. The fire hut Nunnukka at the base of the Sun Lift (Aurinkohissi) is a place where you can enjoy your own snacks.

### FOR THE ENTIRE FAMILY

Luosto is well suited for the youngest in the family: the family slope is a safe place for learning the basics of skiing. Cross-country skiers can enjoy 150 km of maintained ski tracks, and the connection from Luosto to Pyhä via Kopara is also open.

The same ski pass gets you to the slopes of Luosto, Ounasvaara, Olos and Pallas.
